

MICA Tournament

MICA Championship 2026

11925 Haney Place, Maple Ridge, BC, Canada
November 7 2026 - November 7 2026

The MICA tournament is held in cities across North America. The format of the event is an 18-meter World Archery Indoor Round, i.e. One (1) round of sixty (60) arrows. This is followed by a team event. A team is made of three (3) archers from the same club, regional association, league or other local archery organization who have the same gender, age class and equipment division. The team event consists of 4 ends of 6 arrows (two per archer) shot in 2 minutes at 18meters, for a total of 24 arrows. Only one round is shot. Recurve and barebow teams will shoot for score (24 arrows) and not following the set system. Para doubles will shoot 4 arrows per end (2 per archer) in 80 seconds. It isn't mandatory to participate in the team event.

For more details on the format of the tournament; <http://mapleridgearchery.com/wp-content/uploads/2026/07/mica-description-descripcion-cima-for-2026.pdf>
